

MONOSTAR SWITCH (MS-61)

This switch is ultra-sensitive precision low differential pressure switch and suited for pressure control of the small equipment.

- **Setting range** : 2~ 600mmH₂O (Kpa · pa)
《2~12mmH₂O · 5~30mmH₂O · 10~60mmH₂O ·
20~120mmH₂O · 50~300mmH₂O ·
100~600mmH₂O(Kpa · pa)》
- **Applicable gas** : Air or non-corrosive gas
(Do not use for inflammable gas.)
- **Ambient temp. range** : -10°C ~+ 50°C (Temperature is switch setting place, not Gas temperature.)
