This thermometer is made of stainless steel and hermetically sealed. Therfore it is rustproof, dust proof, leakproof and inner dewproof and excellent to corrosion resistance.

- **Size** : 75φ / 100φ
- **Temperature range** : -30°C ~ + 200°C
- **Shape** : Angle type (L) / Straight type (S)/ Adjustable type (RA)
- **Dimensions of sensor** :
  Min.length 50mm - Max.length 290mm
  Outer dia. 6φ
- **Materials:** SUS-304
- **Connecting thread** : R$^1/2$
- **Accuracy** : ± 1% F.S.
- **Option** : Thermowell

Adjustable Type (RA)

Straight Type (S)

Angle Type (L)
